N A R R A T I V E 1	Topic	<p>MO: By taking a vehicle that had been parked on the street without the permission or knowledge of the owner.</p> <p>3-19-08 at about 1200 hrs I was detailed to 1380 Gladys on report that a vehicle that had just been stolen. The vehicle was described as a 2009 Toyota Corolla, silver in color. The plate of AAK5576 was on the stolen vehicle but lists to VIC/ CHARLES EVANS, on his 1999 Toyota.</p> <p>Upon arrival, spoke with EVANS and his daughter, OIV/ BARBARA IPPOLITO, and the following was learned. EVANS had gone out to the vehicle earlier this morning to familiarize himself with the controls. At that time he found that the vehicle would not start. He came back in and advised his wife about the car and she gave him the two other keys and keyless entry fob. EVANS was still unable to get the vehicle started and came back into the house. EVANS called Toyota who sent a serviceman out since he only had the car for 1 day. When the serviceman came out he found one of the keys in the ignition and charged the battery for them.</p> <p>A short time later, IPPOLITO and EVANS' wife took the car for a ride around the block and parked it in front of 1373 Gladys. Approx an hour and a half later they came out and found that the vehicle was gone. They had the two sets of keys and keyless entry fob but could not locate the valet key.</p> <p>While I was taking the report at the residence, Ofc. Pietch called in that he had located the car and there were occupants in it. After the arrested persons were away from the scene, I transported IPPOLITO to W.98th and Detroit and released the car to her. There was no damage to the car and a key was found with it.</p>
