Topic Original Report

MO: By entering a closed business and taking cash from cash drawers without the owners permission.

On 07/17/08, at 0805 Hrs., I was detailed to Brennan's Floral and Gift Shop on the report that the business was entered overnight and money was stolen. On arrival, I spoke to (VIC) DANIEL BRENNAN who stated that when he arrived at the store at 0800 hrs., he entered through the back door and went into his office, which is located in the north east area of the business. In his office, he found that two cash register drawers that he placed on a shelf the night before, prior to his leaving the business at 1810 Hrs., were moved. The cash that was inside was gone, but the rolled coin was left behind. He then noticed that his petty cash box, which was on a counter top near the rear of the store, was moved. He checked the box and found that the \$200 that was inside, was also missing.

After calculating the receipts from the night before, BRENNAN states that the two cash drawers contained a total of \$310.

BRENNAN stated that the front door and the east side door were both locked. When asked, he stated he was unsure if the back door was locked. He said that out of habit, he just puts the key into the lock and turns the key. He did not check the door handle to see if it was locked prior to entering the store. BRENNAN believes that the back door was probably the point of entry because it is the only door that could be breached from outside.

BRENNAN stated that he does not have an alarm system at the business, nor does he have security cameras. BRENNAN stated that he does not have any suspects at this time, although he desires prosecution if one is found.

INV KULCZYCKI arrived on scene, took photos of the business, and dusted for prints (3 lifted). There were no signs of forced entry, and no pry marks left on the rear door.
