Sgt Eschweiler Sir:

On 9/27/08 officers were detailed to the parking lot at 11830 Lake on the report that two males were breaking into cars in the lot there. While in route officers began setting up a perimeter on both Lake and Edgewater Dr. On arrival WIT/TYLER KAINE and WIT/CHRISTINE HASTINGS advised us that the suspects fled the area on foot, N/B from the parking lot. The parking lot was actually located at 11810 Lake. Two males ran from police. They were both advised to stop running several times and failed to do so. The foot pursuit continued W/B on Edgewater, for several addresses, until they were apprehended. ARA/JOSEPH MALAVE and ARA/RICARDO PEREZ were both caught at 11843 Edgewater.

Located in PEREZ's pocket was a GPS system. It was determined later that it belonged to VIC/XIANGYANG ZHAO. There was also a window punch/flashlight combo tool in his pocket. HASTINGS and KAINE were driven to the scene by Sgt Gannon and they both positively identified MALAVE and PEREZ as the parties who broke into the cars at 11810 Lake. PEREZ and MALAVE were secured in the rear of Ptl W McCarthy's car. He later transported and booked in PEREZ and MALAVE.

In speaking to HASTINGS and KAINE back at 11810 Lake they showed us the two cars that PEREZ and MALAVE were in. There was a maroon Honda which belonged to VIC/ROBERT CROOM and a white Toyota which belonged to ZHAO. HASTINGS and KAINE advised that they were backed in a parking space along the east edge of parking lot, at 11810 Lake. KAINE said that he observed PEREZ and MALAVE walk out of the bushes located at the N/E corner of the parking lot. KAINE said that he believes that PEREZ and MALAVE saw him and HASTINGS seated in his car.

KAINE said that PEREZ and MALAVE then began to go into the Honda. He said that he called LPD believing that they were trying to steal the Honda. KAINE said that they both got out and then went to the Toyota, broke out a window, and then entered the Toyota. KAINE said that he must have heard the police arriving because they ran north from the lot over a fence.

In checking the Honda I noticed that the passenger side door lock was punched. The car stereo was on as well as the clock on the dashboard. I processed the car and located latents on both the passenger front and driver front doors. This car belongs to CROOM. CROOM came out the car and realized his ignition, although intact, had been tampered with. It was partially turned on causing the accessories to run off the battery. He was no longer able to insert his key all the way. Also the ignition started the car without the key. CROOM said that when he parked his car earlier tonight the ignition was not in this condition. CROOM desires prosecution in this matter.

The Toyota, belonging to ZHAO, had its passenger rear window smashed out. It was most likely done
